 [Portfolio](#)

Experienced React.js Developer with over 2.8 years of expertise in creating high-performance web applications. Skilled in delivering exceptional user experiences through efficient and effective React.js solutions. Seeking to leverage my experience to contribute to a dynamic team and drive impactful results.

Experience

Tata Consultancy Services Limited

Feb 2022- Present

- Developed a powerful agent portal for a telecom company using React.js
- Developed and maintained responsive and interactive user interfaces using React.js, enhancing user experience and engagement.
- Implemented state management solutions with Redux toolkit and React Context to ensure efficient data handling and seamless application performance.
- Optimized application performance by employing techniques such as code splitting, lazy loading, and memoization.
- Created and implemented reusable UI components such as tables, pagination controls, multi-select options, and date pickers.
- Integrated RESTful APIs to facilitate data retrieval and manipulation within React applications.
- Utilized modern JavaScript (ES6+) features and libraries to streamline development processes and improve code quality.
- Collaborated with cross-functional teams including designers and backend developers to translate requirements into robust and scalable features.
- Engaged in code reviews and contributed to best practices, ensuring high standards of code quality and consistency across projects.
- Managed version control using Git and GitHub, facilitating collaboration through pull requests, code reviews, and branch management.
- Contributed to open-source projects and maintained personal repositories on GitHub, demonstrating a commitment to continuous learning and sharing knowledge with the developer community.
- Adapted to evolving technologies and best practices in the React ecosystem, staying current with the latest trends and updates.
- Actively participated in agile development processes, including sprint planning, daily stand-ups, and retrospective meetings.

Skills

Primary Skills			Secondary Skills	
• HTML	• React	• Bootstrap	• Node JS	• SQLite
• CSS	• Redux Toolkit	• AntD	• Express JS	• MongoDB
• Java Script	• Git	• Tailwind CSS	• TypeScript	

Education

- Gudlavalleru Engineering College

2020
- Bachelor of Technology, Mechanical Engineering
 - GPA: 8.65

Projects

- [ECommerce App](#)
- [Job Portal App](#)
- [Video Streaming App](#)
